

Dear Michael,

On behalf of Carlsberg Brewery Malaysia Berhad, I would like to thank you for the hard work in meeting the aggressive deadlines we had in ISO45001 management system implementation.

Your team is professional in accomplished with the accurate flow of information was impeccable. From quote, to proofs, to certification stage, every step was accurate.

This is a successful ISO Standard management system U2C has completed for us and we are simply thrilled. We are especially delighted with the training execution U2C did. Those ISO consultancy and training get many positive feedbacks from our fellow colleagues, in fact you should be getting constant leads, because I proudly mention to our other external provider that U2C is our engaged consultant.

Thanks again, and if we need another ISO Standard, we will not hesitate to contact United Universal Consulting Sdn Bhd (U2C).

Regards,

---

Chan Chin Fuong
